

Your Choice Your Experience Your Options

myStudy is an individual learning program, structured to support your studies and focus on specific language skills and personal priorities for your progression and future development.

myStudy is a series of options, each has been developed to provide you with access to 1 hour a day of additional activity and team work.

The options are designed to complement what you study in class, and also allow you to follow your interests in a wide range of topics while studying at Navitas English.

All day students can access myStudy subject to timetable permitting.

About Navitas English myStudy

1. It gives you the choice to focus on specific language needs and your personal priorities.
2. You can use the time to focus on assignments or homework.
3. For students studying Cambridge Preparation or IELTS, you can use this time for exam practice and assignments.
4. Take time to speak to your teacher one-to-one. These sessions are private and are a great opportunity for you to discuss your progress and expectations with your teacher.
5. You have the choice to select a daily option.
6. Allows collaboration between students across our network of campus locations

So what's on offer?

To make it simple we have divided the all options into two categories.

Core options

With a strong focus on developing the four skills of listening, reading, writing, and speaking, on a solid foundation of grammar and vocabulary these options can be used to assist with progression with your course with real-world English skills that you can use anywhere.

myStudy Essentials Reading & Writing	This combines reading and writing activities to improve your reading skills, increase your vocabulary knowledge and build the writing skills you need for work, for progression to specialised courses such as Academic English and for higher education. We understand how challenging it is to write an academic essay, an accurate resume or a work email but you will get all the help you need to do this successfully in this elective.
myStudy Essentials Speaking & Listening	You will interact with other students and the teacher to practice your grammar and extend your vocabulary range through a variety of interesting topics to talk about. By learning more about listening skills and strategy, you will understand how to better respond to classmates and become more confident in conversation both inside and outside the classroom.
myStudy Essentials Pronunciation	Pronunciation is very important for our students because they want to be understood when speaking and to feel confident having conversations in their everyday work, study and social lives. This option teaches all the sounds you need for good pronunciation and will help you overcome your specific difficulties, whatever your nationality.
myStudy Essentials Progression & Development	Students want to track how they are progressing with their English and to set goals which motivate them to learn more and improve faster . At Navitas English, we understand the importance of this journey. This option provides all the resources you need as an individual to work on your priority areas and includes one-to-one academic counselling to help assess and advise on your assessment results and overall learning.

Non-core options

Gives you flexibility to attend structured sessions giving insights into exam skills, work readiness language and pop up lessons which offer a wide range of topics to suit your needs. We have created a suite of master class options in Cambridge & IELTS Preparation and Academic English. These are intended to give you the essence of our main courses.

myStudy Exam Skills	For students studying exam preparation courses such as IELTS and Cambridge Preparation or for those wanting to try such courses in the future, this option provides a range of exam techniques and strategies to help achieve the highest possible scores in the four main skills of reading, writing, listening and speaking through practice tests. MyStudy Exam Skills provides realistic exam conditions which builds your confidence for success in any official exam.
myStudy Masterclass	Our Master Classes invite you to experience the variety of specialised courses we offer at Navitas English including Cambridge Preparation, IELTS and Academic English. This will help you decide what course to do next and to achieve your learning goals. Discover which course can take you to the next level for your target English level and for entry to higher education.
myStudy Pop-Up Lessons	At Navitas English, we offer a variety of learning activities and you as the student has a voice! By listening to our students and our teachers, Pop-Up lessons are designed to suit the students' needs and aspirations at any time. Lessons can range from additional academic learning, job help and presentations from guest speakers , to keep fit and well-being classes such as dance, yoga and meditation.
myStudy Business Communication & Culture	Communicating effectively in business is especially hard for non-native speakers. This option provides you with the language skills, strategies and interactive activities to improve your work readiness such as writing and responding to emails , verbal workplace communication and culture, giving presentations , report writing and understanding more complex data such as statistics. Get work ready!

How it works

At orientation, you will learn about what the myStudy options are and how they can help your learning. Your teacher will provide you the myStudy schedule in class and will recommend what options are best for you to join according to your individual progress in class.

Regularly, each campus will have a pop up myStudy hour. These activities will ensure that each campus offers a flavour of the regional difference.

The combination of options gives you freedom to select what you want to do, you might want to focus on all of the Core options first or a mix of these and the Non-core options. In conjunction with the teachers recommendations you'll be able to focus on what you want.

myStudy space

As a Navitas English student, you can share your ideas, experiences and study tips through the online learning portal. You can connect with your classmates and with students from other Navitas English schools.

You can use the resources on myStudy space to study and maximise your learning. And you can access them from anywhere for 12 months after your graduation so you can continue developing your English skills after your course.

Where can I study myStudy

All campus locations offer a range of options created especially for your needs.
