

Study Plan Indicator

This study plan is designed to be used when seeking a study duration of 22-weeks or longer. The level of study will depend on the current IELTS score or equivalent test results.

If there are no test results available, we recommend accessing our [online Quiz](#). Results from the online quiz will give a good indication of level but does not replace the official placement tests.

The mix of courses will ensure the student has varied study outcomes, exposing them to different options and techniques whilst improving their English.

For 1 year study plans, please contact us. For "Beginner" level please contact your Recruitment Manager. For additional study plans for longer durations - contact your Recruitment Manager, This indicator is eligible to "non-pathway" students. The study duration is varied depending on the progress of each student.
