		Communicate effectively in group discussions by expressing opinions, persuading and giving feedback	✓	✓	✓

### About Academic English

Academic English courses help students develop their English and literacy skills, enabling them to succeed in further study at university, college, and TAFE.

Intermediate students looking to build their vocabulary and language knowledge for academic contexts are best suited for the Academic English 1 course.

Upper-Intermediate students looking to develop their confidence in communication skills to engage in group work to research, justify and present ideas are best suited for Academic English 2.

Academic English 3 focuses on teaching students to consolidate language, research and presentation skills. This skill set is best suited for pre-advanced students preparing for university.

Academic English 4 students will learn to engage with information on a deeper level, incorporating analysis and critical response in both written and spoken forms. This skill set is best suited for advanced students preparing for university degrees at a Master's level or above.

Students who hold an Academic English qualification show that they can use the English language in academic contexts, helping them excel in their future travel, work, and study goals.
